

Dear Summit Families,

As you all know, Grandfriends Day and our Spring Concert were scheduled for Tuesday, April 28th. After careful consideration of the “stay at home” order in effect from March 26th through April 24th, and in the interest of community health and safety, we will, unfortunately, have to postpone both events.

Mr. Keech would like to thank the students for their hard work this semester and to thank all the parents for their continued support in these unprecedented times. As we move forward with our distance learning plan, we are excited for the unique opportunity this time offers to engage with music in new ways. As we adapt to our circumstances and redefine our course of learning, we look forward to the possibilities and will continue to support your child(ren) with a valuable musical experience.

At this time, we do not have an alternate date set for our concert, and we are considering options for alternate ways to share our learning with our Grandfriends. As the situation develops and more details are known, they will be communicated both on the school calendar and in the weekly Raven Report.

Thank you for your understanding and continued support.

Sincerely,

Kathryn M. Heet, Ed.D
Head of School
